

R207, Institutional Residences for Colleges and Universities in the Utah System of Higher Education¹

R207-1. Purpose: To provide for a designated institutional residence for each college and university, on or near the respective campuses, appropriate for the functions of the presidential office and the residential requirements of the presidents. The duties of a president require residence on or near the campus so as to permit personal hosting of activities and events and involvement in administrative problems requiring personal and immediate attention. Moreover, the scope of activities is such as to preclude the personal performance of routine repair and maintenance of a residence which may necessarily be larger than the president's private needs require. Provision and maintenance of institutional residences serves the best interests of the institutions, is a convenience to the Utah System of Higher Education, and reflects generally accepted practice throughout American higher education.

R207-3. Policy

3.1. Functions of an Official Institutional Residence: The Board of Regents shall designate an official institutional residence for each college and university, located on or near the campus, owned and maintained by the institution, and occupied by the President as a condition of employment. Such a residence is considered an institutional resource to be used for the convenience and benefit of the institution. The institutional residence is used by the President as an important extension of the campus in performing the functions of the presidential office. It will be the President's official residence and be used substantially for work-related purposes, both administrative and social. The institutional residence serves as a vital center of social activity important to institutional advancement, where receptions for faculty, staff, students, and guests are held, and where influential visitors, lecturers, performers, potential donors, and others may be hosted.

3.2. Criteria for Designation of Institutional Residences

3.2.1. The Board of Regents, in designating an official institutional residence, shall take into account the type of institution (university, baccalaureate college, or community college), living standards and cost of housing in the community, ability to meet the president's needs for campus related activities, accessibility to the campus, suitability for family needs, estimated cost or market value, and other appropriate factors.

3.2.2. A report summarizing the facts as to the adequacy and appropriateness of the residence on these points shall be prepared by the Commissioner in consultation with the President, the Chairman of the institutional Board of Trustees, and the Chairman of the Board of Regents. The report will be submitted to both the institutional Board of Trustees and the Board of Regents for

approval. If approved, the report will be filed in the Office of the Commissioner as evidence of official designation.

3.3. Construction, Purchase, and Remodeling: The costs of construction, purchase, major remodeling, landscaping, and improvements of existing and future institutional residences must have the prior recommendation of the institutional Board of Trustees and approval of the Board of Regents. Such costs will be financed from sources other than state-appropriated funds unless otherwise specifically authorized by the Board of Regents.

3.4. Selling of a Current Institutional Residence: Should the Regents determine that an institutional residence is no longer adequate or suitable to meet the needs of the institution, appropriate appraisals may be obtained, sufficient advertising and bid time allowed, and the residence sold. Revenue from the sale will be applied as designated and approved by the Board of Regents.

3.5. Costs of Maintaining Institutional Residences

3.5.1. Maintenance costs, including utilities, routine care of the residence and grounds, equipment replacement, repairs and improvements, will be borne by the institution. The utility costs covered by this policy include fuel, power, water, sewer, internet service, basic telephone service, and long distance telephone service for institutional purposes. Each president shall be responsible for the costs of personal long distance telephone service, cable television, and any other personal telecommunications service.

3.5.2. Domestic assistance serving institutional purposes may be provided as appropriate, and as set forth and approved in the budget in 3.6.

3.5.3. With the approval of the institutional Board of Trustees, furnishings and equipment of a type serving primarily institutionally-related functions of the residence may be provided by the institution and shall remain on the property inventory of the institution.

3.5.4. Fire and liability insurance shall be carried on all institutional residences and property, with the costs being borne by the institutions. Insurance costs on personal belongings shall be paid for by the presidents.

3.6. Budget Approval by the Board of Regents: On or before September 15 of each year, the President shall file with the Chairman of the institutional Board of Trustees and the Commissioner of Higher Education a budget for the institutional residence, detailing estimated expenditures for maintenance costs, domestic assistance, and insurance, as provided in 3.5. The budget will include a detailed report comparing the previous year's actual expenditures with the budget approved for that year. The Commissioner shall submit the budget to the Board of Regents for approval.

3.7. Equitable Adjustments for Full Compliance with the Policy: The Board of Regents shall oversee the equitable adjustments necessary to bring about full compliance with this policy.

3.8. Exceptions to Policy: The provisions of this policy shall not apply to the Commissioner of Higher Education. The Board of Regents may provide an equitable housing allowance, or make other equitable and appropriate arrangements, to accommodate the residential housing requirements of the Commissioner or institutional Presidents.
